About Us

Our Mission

We are committed to working diligently together with our residents and neighbors toward the continued improvement of the Fairmont community. We are committed to improving the health and well-being of the residents of Fairmont and to returning Fairmont to a community we can all be proud of.

About Us

The Fairmont Community Partnership Group, Inc. was established to improve the lives and living conditions of the residents of the Fairmont Community. We do this by providing case management services for legal aid, mental health support services, and food pantries.

We also plan to carry out programs for the community in partnership with other health, social service, educational, and governmental agencies. We have assisted with violence prevention workshops, vaccine clinics, home improvement support services, and after-school activities.

Staff

DeLinda Herod - Executive Director

I have worked as a community activist in the Fairmont Community since 2015. I strive to ensure our community is SAFE and CLEAN. I advocate for the fair distribution of Community Development Block Grant Funds to ensure Fairmont is no longer overlooked and underserved. We have partnered with Lewis University in the past and on many ongoing projects. I currently sit on the Community Advisory Board at Shriver National Center on Poverty Law. The newly launched R3 program will ensure residents of the Fairmont Community have access to resources that will improve and enhance their lives. We look forward to serving you.
